BASKETBALL JR. VARSITY CHEERLEADERS

The basketball Cheerleaders have a great responsibility, to the school, the players, and the image of our school. They play a vital part in the spirit and enthusiasm of the games. They cheer during the game, and time outs, which keeps the spirit of the game up. Between the games they entertain us with their Pom-pom routines.

The topic of Reverend Waterbury's Baccalaureate address was "Seek The Truth".

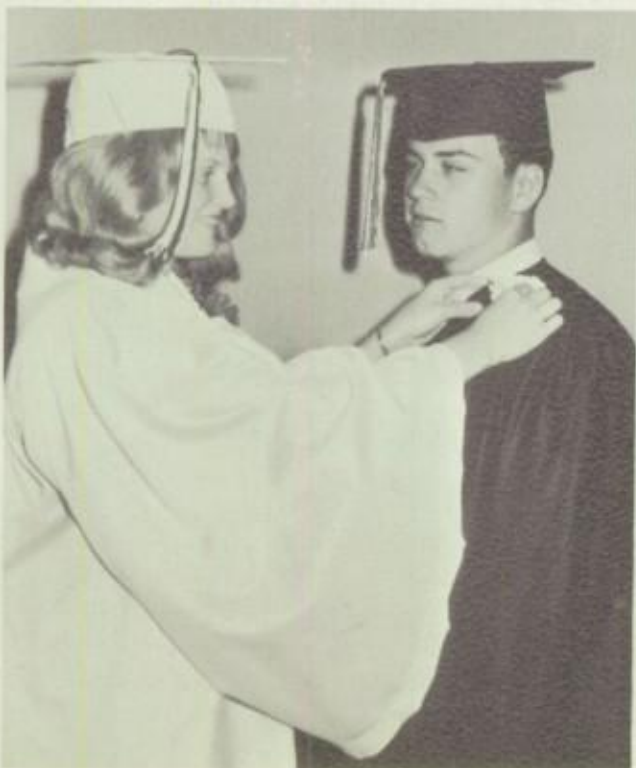

The last journey.

For the last time!!!

Even though Gordon and Harry were involved in a serious accident, they still made it.

Could this be the start of something big?

The time is finally here. The time we've all been waiting for. Some are glad, some are sad, and some indifferent about graduation. Twelve years have passed--some good, some bad. We've lost old friends and made new ones. These twelve years have helped to strengthen us and will make us the men and women of tomorrow.

Dr. Arthur Mallory, President of Southwest Missouri State College, gave the Commencement Address which was concerned with our preparation for the acceptance of the key to the future.

LIBRARY ASSISTANTS

The library assistants this year, as in years past, are indispensable. They help check in and out books, take care of fines, and overdue books, and also do all other odd jobs around the library. They have performed this year very well, and have made using the library more pleasurable and rewarding.

Jackie Stafford, John Davidson, Craig Waterbury, Patrick McFarland, James Babb, Harry Styron (Not pictured)

TOURNAMENT OF KNOWLEDGE

The Tournament of Knowledge team is composed of the top students of each of the four grades. They met several nights a week, and studied current events, sports, history, science, mathematics, and general information. They did all their preparation on their own time. As a test of academic achievement, this is one of the most significant activities of the school year.

DRAMA DEPARTMENT

ADMINISTRATION

The Administration and the members of the faculty at East Newton High have a great responsibility to the school, the community, and most of all to the students. They are set before us as guideposts which, day by day, help to strengthen and enlighten our lives and personalities. As students we look to them for guidance, learning, and most of all, understanding.

AND FACULTY

SUPERINTENDENT OF SCHOOLS

TO THE STUDENTS

We have been told many times that our actions and our initiative of today will reflect upon our accomplishments of tomorrow. It is therefore important that we enter into every job and every endeavor with the utmost of our abilities and our intellect. We must never forget the scholarships, positions and a multitude of opportunities depend upon the scholastic record we are able to develop.

The administration commends you upon another successful year in East Newton Schools.

To many of you it will mean the completion of your formal education and graduation; to others your accomplishments of date will serve only as a stepping stone toward the goal upon which your educational plans have been designed.

To the Seniors we wish for you the best in health, happiness and prosperity. To the undergraduates we would wish for you a "desire" that would enable you to establish an educational background that would permit you and yours to enjoy the fulfillment of the basic good things of life.

Joe H. W. Chenoweth

PRINCIPAL

The future belongs to those of you who have prepared for it. In the future you may receive many rewards, but with each reward you must accept the responsibilities that go with it, you must accept failure as well as success, tragedies as well as joys.

You must believe; believe in your fellowmen, believe in God, and most of all believe in yourself.
